

It's easy to get started with Kaiser Permanente

Choose your doctor – and change anytime

Getting you connected with a doctor who suits your individual needs is our top priority. Find a doctor who's right for you by browsing our online doctor profiles, where you'll see their education, credentials, specialties, and interest areas. You can choose and change your doctor at any time, for any reason.

See your options at kp.org/searchdoctors.

Find convenient locations

You have many facilities to choose from, and you're free to see different doctors at different locations. For example, you can choose a personal doctor close to work and an optometrist close to home, and your child can see a pediatrician near school.

Search locations near you at kp.org/kpfacilities.

Register for kp.org

Your online gateway to better health is kp.org.

Securely access many time-saving tools to manage your care: Schedule or cancel routine appointments, view lab results, email your doctor's office, and more.*

Once you get your member ID card, getting started is easy at kp.org/register – and once you're registered, download the Kaiser Permanente app to use these features on your smartphone.

Get prescriptions

It's easy to get your prescriptions. After you join, just call us or go online, and we'll help you transition your prescriptions to a Kaiser Permanente pharmacy. Then, fill and get your prescriptions at any Kaiser Permanente pharmacy near you.

And, get most refills mailed at no charge when you order online at kp.org/refill.

*These features are available when you get care at Kaiser Permanente facilities.
